

GASOLINE FINDER

Paste to provide clear indication of the gasoline level in tanks.
Simple and quick detection.

FEATURES & BENEFITS

- Quick and simple detection of levels in gasoline tanks
- Directly visible through clear alteration in colour
- Very economical in use
- Sticks well to the gauge / measuring tape

APPLICATIONS

GASOLINE FINDER is a paste to detect the level in tanks with gasoline and other light mineral oils, that are otherwise difficult to determine as they evaporate quickly.

DIRECTIONS FOR USE

Apply the paste on the lower part of a clean gauge / measuring tape and lower it to the bottom of the tank. Directly after pulling up, the level of the fuel/oil can be read by a distinct red colour change.

STANDARD PACKING

GASOLINE FINDER is usually available in boxes containing 20 tubes of 60 gram.
