

VECLEAN ACID MP

Multipurpose acid for removing cement, rust, cleaning teak and suitable for use in closed vacuum sewage systems.

FEATURES & BENEFITS

- Easy to use and cost-effective
- Removes cement, lime, rust, calcium, etc.
- Suitable for cleaning tanks, cargo holds
- Suitable for cleaning heat exchangers and other types of systems
- Suitable for vacuum sewage systems
- Suitable for deck cleaning – wood, teak, etc.

APPLICATIONS

VECLEAN ACID MP complies with Marpol 71/17 Add.1 Annex 21, page 1, Resolution MEPC 295 (71) guidelines for implementation of Marpol Annex V (adopted on 7 July, 2017).

The product can be used for multiple applications:

TANK CLEANING / CARGO HOLD CLEANING

Use a dilution of 5 - 8% with water for cleaning cement, concrete splatter, lime, rust deposits. Cleaning can be done at ambient temperatures, however a higher temperature improves the cleaning time and solubility.

GENERAL DESCALING FOR ON-BOARD SYSTEMS

Use a dilution of 4 - 10% with water for cleaning heat exchangers, cooling systems, boiler systems, etc. Cleaning can be done at ambient temperatures, however a higher temperature improves the cleaning time and solubility.

SEWAGE SYSTEM MAINTENANCE

VECLEAN ACID MP is an acid salt complex which breaks scale and build-up. Keeps pipes and scuppers free from blocking. Daily dosage of 10 - 12% is required for optimal maintenance of the sewage system.

DECK CLEANING

Renews and brightens wooden surfaces, eliminates scale, rust and mineral stains. Use a dilution of 5% for cleaning teak, wood, etc.

STANDARD PACKING

VECLEAN ACID MP is usually available in plastic cans of 25 l and plastic drums of 200 l.
